

A Presentation by  
Chris Howse & Julie Burroughs

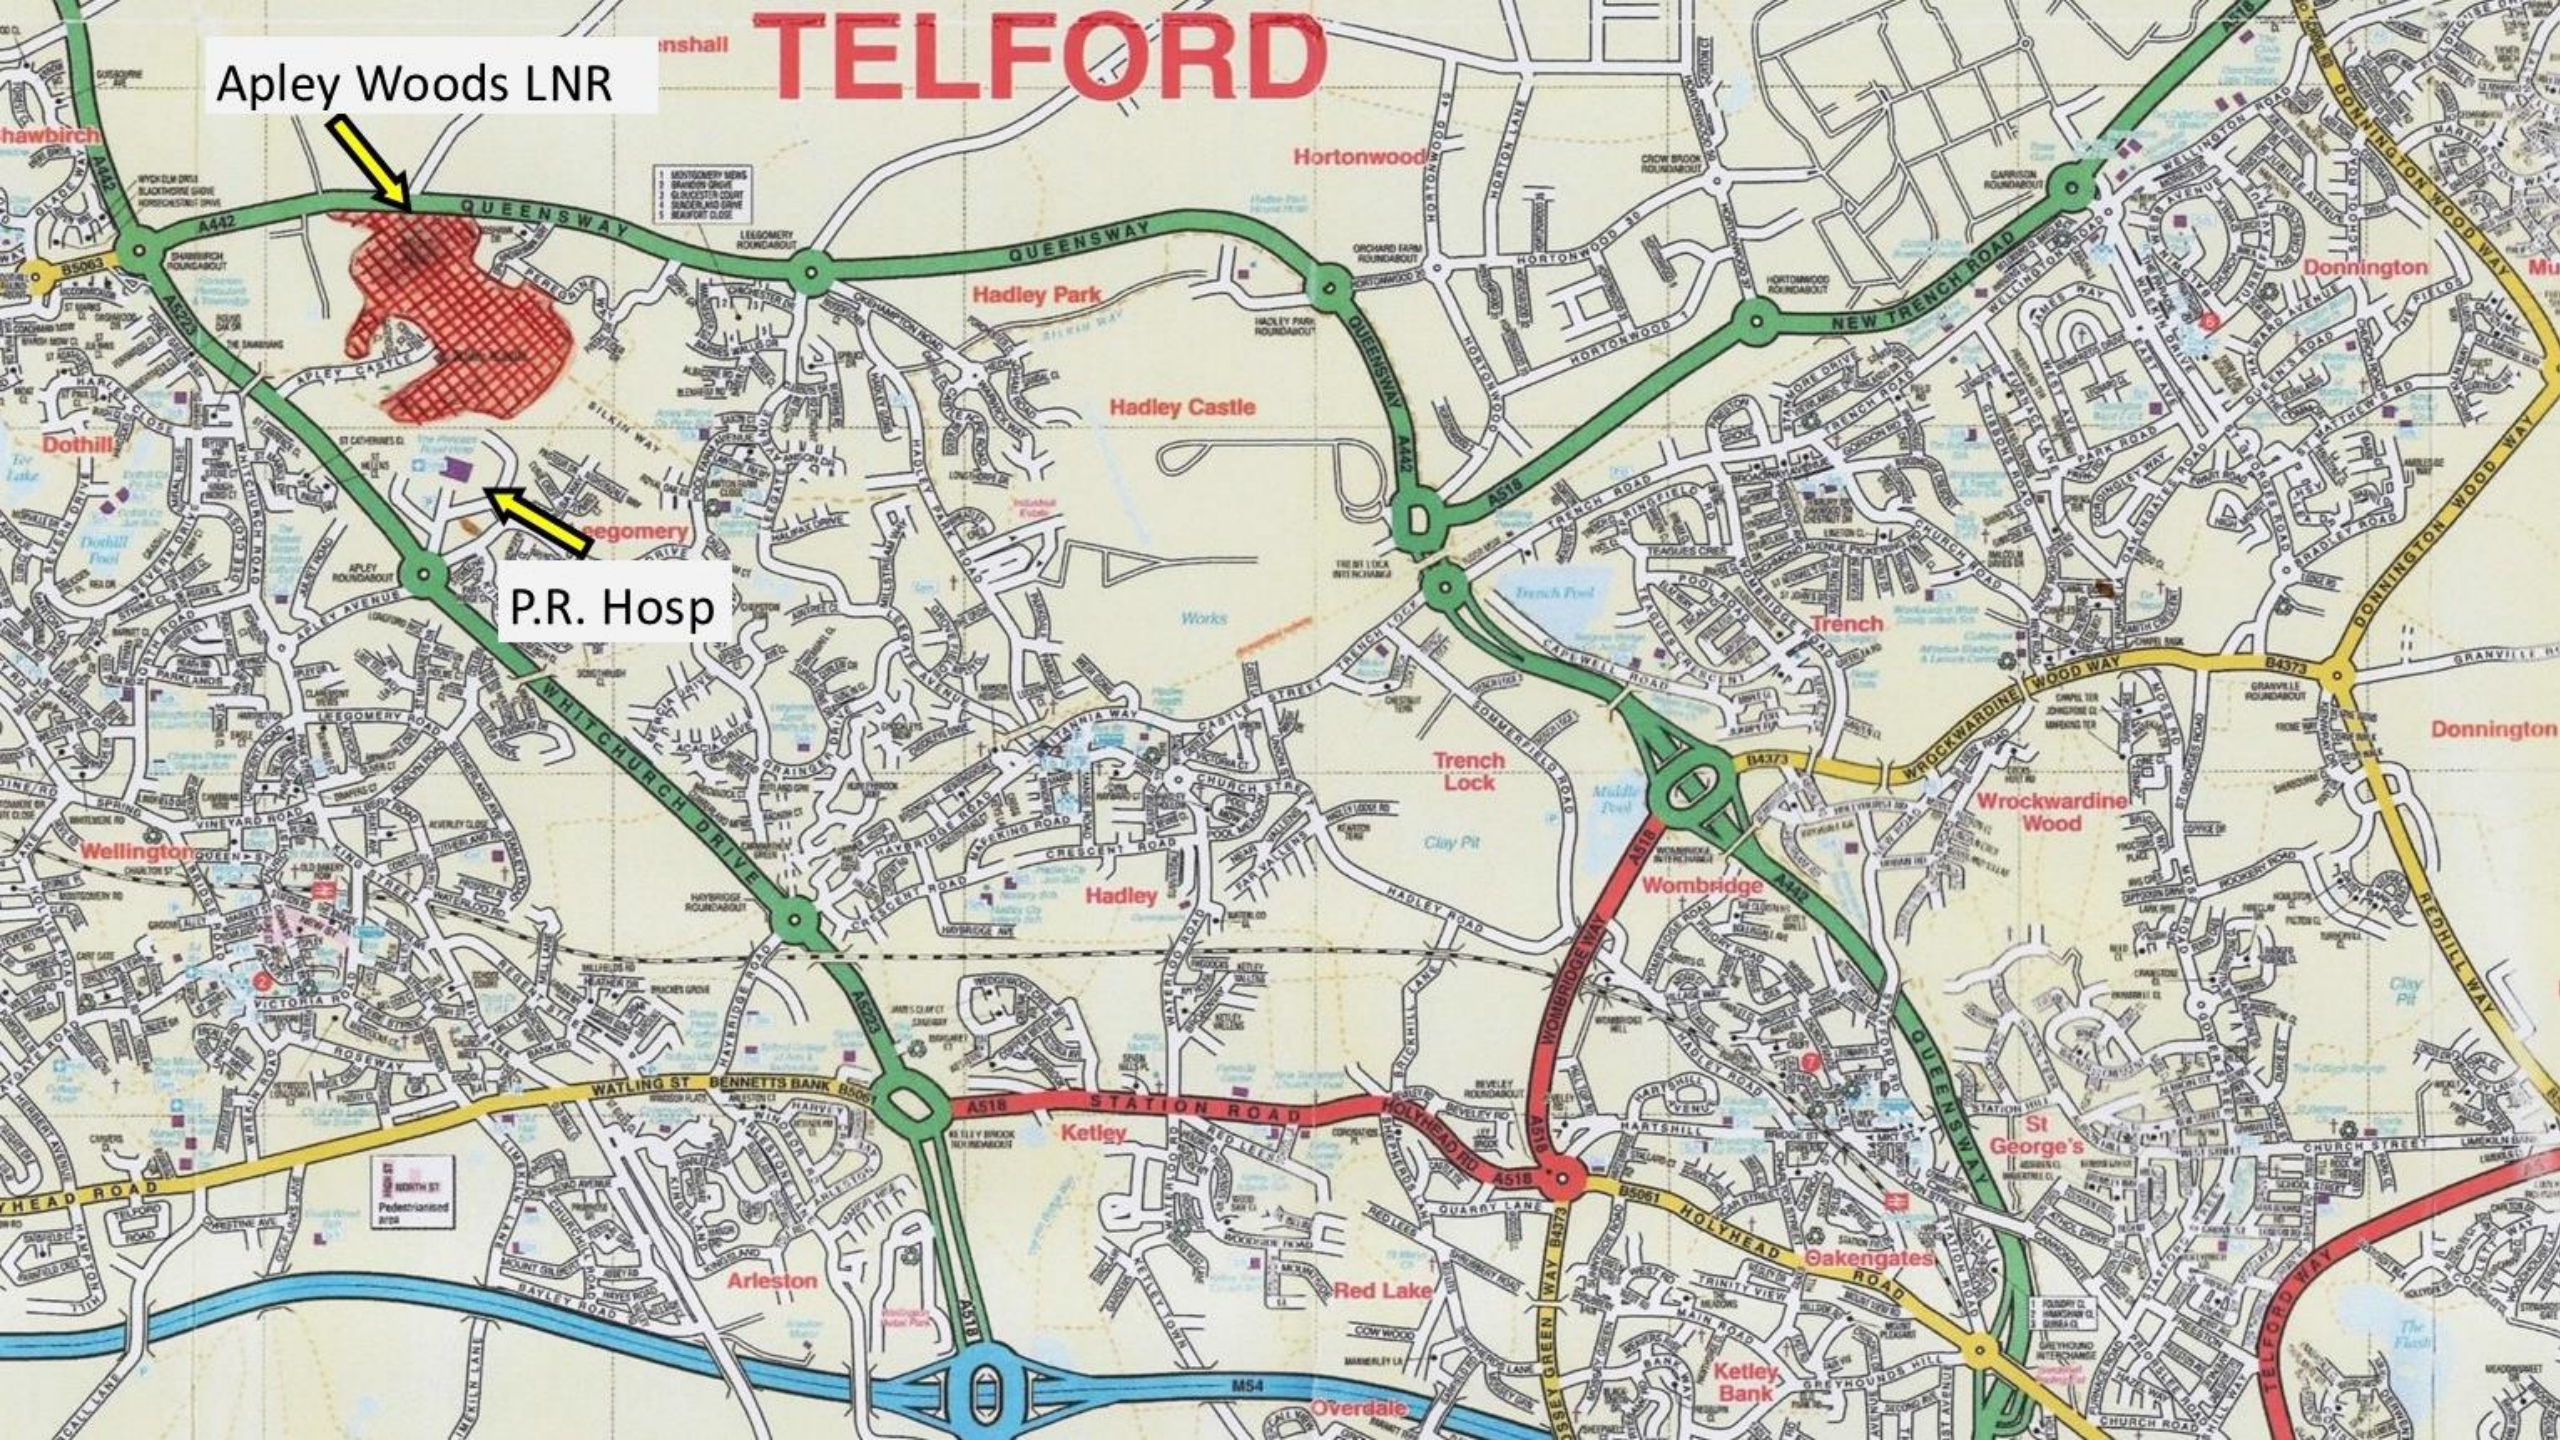

# TELFORD

Apley Woods LNR

P.R. Hosp

The aim of our short presentation is to share with you two conservation projects undertaken by the Friends group

Apley Castle c.1792

Breaducation

Love Your River Water Monitoring  
Apley Woods

## Promoting healthy eating for ducks:

- Porridge oats
- Dried mealworms
- Chopped cabbage
- Defrosted frozen peas
- Wild bird seed

### BREAD IS BAD FOR ME

If you want to feed wildfowl, please give healthier alternatives such as wild bird seed, uncooked porridge oats, defrosted peas, raw, chopped vegetable scraps and dried or fresh mealworms. These are safer for the birds AND the environment.

What do ducks like eating best?

- \* PORRIDGE
- \* OATS
- \* PEAS
- \* CABBAGE
- \* BIRD SEED
- \* DUCK FOOD
- \* MEALWORMS
