

Bridgnorth Town Council

Appointment of **Town Clerk**

NJC SCP 42 - 45 £51,802 to £55,367 p.a. – full time.

Bridgnorth is an historic market town on the banks of the River Severn. The town currently has a population of 12,000 and acts as a centre for the rural area of eastern Shropshire. It has strong links with the nearby West Midlands conurbation and is a popular leisure destination. It is likely that there will be significant population growth in the wider area over the next decade.

The Town Council manages outdoor spaces and public buildings, including several heritage assets. It has good community links and is actively involved in Town events. Its annual revenue budget is £1.25 million.

We are looking for a qualified Town Clerk to drive our services forward and help us respond to the challenge of reducing principal council services. There are council elections in May 2025.
